

REMARKS

A corrected substitute CRF diskette and a paper version of the "Sequence Listing" are provided herewith. Applicants hereby state that the contents of the CRF diskette and the paper version of the CRF are identical. Further, this submission is made to correct errors in the previous submissions of this Sequence Listing. No new matter has been added.

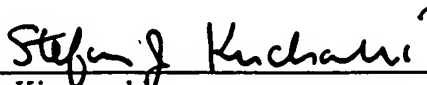

The present CRF diskette has been examined with Checker 3.0 which reported that there were no errors in the listing. This is the same CRF file that Applicants believed they were submitting with their prior amendment. Apparently, the diskettes became mixed during the mailing process so that the PTO received the wrong diskette. Applicants' attorney apologizes for the error. If there are any errors discovered in the current CRF diskette, Applicants' attorney requests a telephone call at the number listed below.

Applicant respectfully submits that the case is now in condition for allowance and requests an early notification of the same. Questions, suggestions, and comments from the Examiner are welcomed. If the Examiner believes that a telephone conference would help further the prosecution of the case, the Examiner is requested to contact the undersigned attorney at the listed telephone number.
